Dr. Robert Moore was called up about 2 o'clock in the morning to attend a patient in the country, and on going to the barn found that his hor e and buggy had been stolen. The outer door was blown off with powder, and the iron chest inside had been pried out and carried off. The money consisted of \$200 of township funds, Mr. VanLiew's own money, and some money of other parties that had placed it there for safe keeping. The chest was found Saturday under a car in South Bend, and a pocket book bearing Mr. Van Liew's name was found at LaPorte the same day, which would indicate that the burglars took the 5 o'clock and will probably never be heard of
